Winter 2022-2023 Junior Golf Academy

Winter is the best time to start your junior's golf game. It also is the best time to grow their finesse of the game, making strides in a few years, compared to kids that it may take years to get that far. When you don't stop your game, its crazy how much new ground you can cover!

Best yet, we pride ourselves in having the BEST student to teacher ratio around: 4:1

Beginner 8-Week Introductory Classes

If you child has no experience, this is a great way to spark a new interest and gain a strong foundation in golf basics and safety. These classes will be taught on our classroom floor using PGA endorsed SNAG equipment. SNAG equipment is great for those that are learning because they are large, oversized clubs combined with tennis balls, making striking success that much easier. With our small class sizes, we are able to pay special attention to every student to make sure no one is left behind.

Sample Class Schedule:

- Weeks 1-2: Putting
- Weeks 3-4: Chipping
- Weeks 5-6: Pitching
- Weeks 7-8 Full Swing
